

First, thank you for your kind professionalism. The combination is rare these days and most appreciated. Please remove or leave any preamble text above the line below as you deem appropriate for your publication on the account of Erik Moeller.

Our organization, also publishes bar complaints with activity/inactivity/results in full view of the public at [CorpCrimeFighters.Org](http://CorpCrimeFighters.Org), [AmericanHeritage.Bar](http://AmericanHeritage.Bar), [Court.Sovereign.Earth](http://Court.Sovereign.Earth) [Herzog.World](http://Herzog.World) & [Founded.World](http://Founded.World), as applicable. We do not question your judgment or make comments. We remove our publication when the case is closed in all courts, leaving only an archived link to your judgment and others.

Also please know all persons listed in any complaint to a legal Bar, are already barred from the American Heritage Bar and not allowed to conduct business or enter claims in Proclamation Court at Sovereign.Earth or Founded.World until they make restitution to all of their victims and repair their court systems.

We are filing this complaint, and subsequent complaints, to protect the sovereignty of Economic Solution Properties, Inc. (OR SOS 1045063-99) and its shareholders to enable legitimate exchange of securities under federal and international laws. Therefore, copies of this complaint are forwarded to attorneys in the Security Exchange Commission and the United States Treasury to support numbered claims filed in those offices earlier this year against individuals and airy organizations in this area.

We also filed this complaint with the Prosecutor's Office of International Criminal Court (Prague) in defense of the Herzog ~ Hartsock Brigade Foundation, who's members include the planters, funders and builders of the Oregon Population namely: Sidney Walter Moss f. c. u., F. X. Mathiess, Medorem Crawford, J. R. Robb and Asa Lovejoy. Our vaults on two continents retain the municipal and land plans of the third set of rights of the population sent with them as their last stop after building Fort Smith, all the locks for water and power throughout the Hartland to what is now Atlanta, Indian City (Indianapolis) and the Wabash Railroad in descending chronological order. It is my job to recover the rights, property and wealth for their descendants – who are everyone in this area, including the lawyers listed below. This is a regrettable job I cannot take lightly.

We have no access to a legitimate court or legal law enforcement in the area. Time is of the essence because illegal & physical attacks on us are so brutal and continuous. I have to protect myself and our

assets by any legal means. Publishing organized crime-reports on Internet so your office can have more than three attachments raises my fear-level of public knowledge of these events will cause undue harm to these lawyers and contrivers of the original municipal system. Therefore it would be safer for them if we establish a better conduit for subsequent complaints.

-----

This complaint against Erik Moeller #123972, and his cohorts, is for principal participation in a conspiracy to obtain protected information outside of law, without a subpoena, and passing the information to the defendants of a State Of Oregon Appellate Court in Salem, case #15CR35187 OPDS #65808; interference with that case; misrepresentation as authorized defense council of the Oregon Public Defense Service in this faux case under the same case number in Linn County Court; and misrepresentation in a preceding and parallel Albany City, Municipal Court case which does not have a case number known to me, set for trial June 6, 2017, Judge Robert Scott presiding; the merit of the Municipal Court portion of my complaint is not in my possession, existing only in the court records and Erik Moeller's case file under Kim Anthony Hartsock; for pecuniary gain from an illegal source – the defendant's syndicate - not OPDS.

AllEmailStreams.pdf is two streams on this subject from Erik Moeller, Sara Lucas and Tracey Krug in descending order so start at the bottom.

ShowCauseFPVC.pdf is the subvention document lacking authorization, prosecutor power, merit, receipt of service etc.

CAA\_Affidavit\_of\_Eligibility.pdf is the form provided by Tracy Krug to apply for a public defender mentioned in her email stream and proof of subvention of rules of court and my right to apply as I saw fit the next day after I had heard the charges and after I had seen the receipt of service.

Events:

From 04/24/2016 to 09/27/2016, every meeting with Ms Lotti resulted in pressure to obtain the results of a Court Ordered Mental Health Evaluation, a document that is impossible to obtain without a subpoena from that court, which is now the case, 15CR35187, in State Appeals Court. These demands she calls directives were always accompanied by a threat of incarceration for non compliance.

My business and personal phone records reflect numerous phone calls to Linn County Mental Health Departments in an effort to obtain the document or a statement it is not available, verified by Sandy, Carrie and Joann or Becky at 541 387-3888, Linn County Mental Health Office in Sweet Home Oregon.

On 10/05/2016 at 1:40 PM I received a call from Tracy Krug, 541 812-8769, informing me I had missed a scheduled court appearance for charges filed by Ms. Lotti at 1:15 PM and demanded I be in court at 3:00 PM on those charges the next day. Ms. Krug admitted knowing I had not received Service but demanded I appear the following day at 3:00 PM or face arrest. This conversation is verified and the threat repeated in an email sent by her at 2:02 PM with a form to expedite application for public defense services, which is the first email at the bottom of the first attachment. At 2:12 PM Ms Krug sent a second email stating she had used my application for defense council from the previous night which I made for a different purpose, a completely different case of which the charges were dropped, and had assigned Erik Moeller automatically to represent me. Neither of these emails did I receive until much later in the evening when I opened my computer.

I appeared on time and had temporary representation from another PD, by the name of I have forgotten, on Erik's behalf who set a hearing date and told me Erik's office would contact me to set up my defense. I asked for receipt of service and I requested access to the Court's Criminal Clerk's Desk to file my own statements and as I knew I was told the Linn County Circuit Court does not have a clerk devoted to criminal complaints.

The rest of the events unfold chronologically in email with Ms Lucas and last Mr. Moeller in the first email ever from him [I never spoke with him in the interim except a pretentious hall debate 11/07/2016

wherein he boasted he could obtain the summary when no one else could]. These documents by their own hand are my proof of conspiracy, gross misrepresentation of my defense and requests to file motions or make charges against Lotti and her backers. Notice verbiage re attesting his intent to “find out what the DA wants” and provide it to him without a subpoena against my rights and requests that the defendants obtain the report by only legal means through a subpoena.

Ms Lucas's email of 11/23/2016 specifically states Mr. Moeller was successful at obtaining the summary of the court ordered evaluation from LCMH Sweet Home office. In reality Erik contacted Marisa at 541 967-3866 in the Albany LCMH Department with a statement he had been appointed council and represented Kim Hartsock as a juvenile to her. He presented a request for all my Mental Health records from 01/01/2008 to present. Marisa verified she rendered the Summary of the Evaluation of 07/06/2016 to him on that day, thus completing his work for the DA defendants, but not providing one shred of defense for me.

This is verified with Marisa's supervisor, Rebecca Hall 541 967-3866 x2535, who seeks protection under law for all her patients from this mechanism reoccurring.

12/07/2016 The interference, coercion, fraud and conspiracy elevated today when I received this email:

Please note Mr. Krohn's email address is controlled by OCWCOG.

I have had multiple phone conversations with my OPDS Deputy Defender, Emily P Seltzer, which will be lost in the "transfer". I will want to know who ordered the transfer and why. I want to know what Emily Seltzer has to say about it. I already know it is common practice, documented on Internet, for Linn County Court to retry their cases in their own personal Appellate Court with a different set of officials and prosecutors and a different Linn Judge. The area courts do not accept petitions for judicial review as is standard and mandatory in every legitimate State and Country. Unknown to them, I filed a written petition for review with a higher court in the Spring of 2016. Those lawyers are the subject of my second Bar complaint forthcoming.

I seek immediate relief through the Oregon State Bar with the knowledge courtroom criminals are already caught in their own devices regardless of any preceding or judgment you or they render under the real Rule of Law. That is to say the attorneys of the health care system will do much more to this syndicate than disbar them with the medical records of the extensive damage I have received from being poisoned and several beatings from OCWCOG private police and individuals with their support on dates coinciding with every part of 15CR35187 as I had to fill out papers for admittance for a slew of corrective surgery provisions.

I respectfully await your contact.
