This is a laughing matter... the imaginary judge doesn't exist Kim. No one is showing up and no one is gonna hire a lawyer for anything. It's fairly easy to solve the equation Kim. You're a jealous, annoying, monotonous, self conceided, low life, useless scam artist. The cat is out of the bag Kim. If you were smart enough you would have relized that a long long time ago. You going against everyone without any sufficient evidence, proof of anything and lack of knowledge is like David vs Goliath, except in your case the ending is different. You're the loser. I'm young, smart and ambitious. Going against me alone, is a laughing matter, not to mention you're going against about 30 people here. Give yourself a break save your time and energy. Insteadbof blowing smoke up educated smart peoples asses why don't you just get a real job that has a positive outcome somewhere down the road and not the criminal outcome. Save your time and energy. Real people have real jobs and will not show up to your bs meeting.

By the way I love the official looking letterhead on those retarded letters you sent out. What's the matter your "lawyer" wasn't able to do it?

This is no laughing matter and the Judge has the power to reinstate justice immediately by any legal means necessary.

Your partners are trying to say you did all of this on your own without their knowledge. I will be presenting proof that is not true. And the records prove that as well. But, only you can show the Judge your respect for the law. Only you can

show that you were tricked and made to do the crimes or lose your job / home etc.
Only you can help the prosecutors.

This is what I have said all along. Should have settled. this is not a civil trial case - a TRO is not a little thing like avoiding paying a civil judgment. You will all get arrested. Good luck with that. I might be an idiot, but I'm a lot smarter than you and your foolish partners.

Unless I'm served a notice by ACTUAL court reps I am not showing up and when I say this I believe that I speak for everyone.

I never told you that I got fired, or that Value Place is not a motel or a hotel. Give yourself a break and stop posting all this bullshit. It's funny to read but at the same time it's sad that you got nothing better to do besides writing fairy tales. Jenena was never evicted she did not have rent money. Alpha was evicted for possession of controlled substance after being warned several times. First of thanks for a good laugh you clown. People are reading and laughing their asses off you're more stupid than you've appeared to be.

I just read your bullshit rant on your phony website about me, Joe other people. What are you trying to get at here? Whatever it is that you're trying to pull of it ain't gonna work believe me when I say that. You are full of shit you have no clue what you're talking about. You took a big shit on your own parade when you posted the link with hotel laws. That site clearly states the same rules and regulations that were explained to you and that information exists in the Agreement. Same Rules at Value Place to everyone with no exception.

What are the 3 gangs that south sac borders?

What is this bullshit about extortion Kim? You're an idiot. Do you even know the definition of extortion? The hotel was not your lanlord and you were not a tenant. Our monthly rent is 28 days at a time not 30 or 31 like a traditional month.

By the way....your bullshit recordings are pretty much useless as there was no consent from anyone stating that you are premmitted to record the conversation if you ever make it to court (chances of that are big fat ZERO!!!!) your bullshit recordings will not be admissable. That's something you should have researched.

By the way....Expression on my face was pricelss when I read your rant. Pure Kodak

moment. Please post more rants I want to laugh, you've got no life or anything better to do so post more crap. Post more shit about me my tv and how I "recruit" other guests.

Oh yeah and good luck getting 80K for some nonsense bullshit we both know that it ain't gonna happen.
